Welcome to the World of English

Introduction

In this paper we would like to present you some riddles made by our students. We hope that you will like it and it will help you to have fun and spend time on thinking how to find the correct answers.

Apart from riddles we also prepared some interesting articles about different topics written by our students.

I would like to thank the students from class 6 who helped me to prepare this paper. You did great job.

Now we invite you to the world of fun

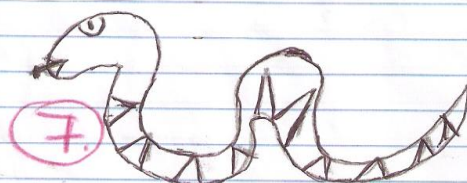

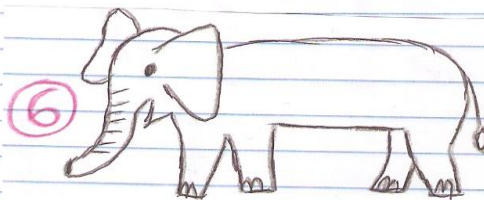

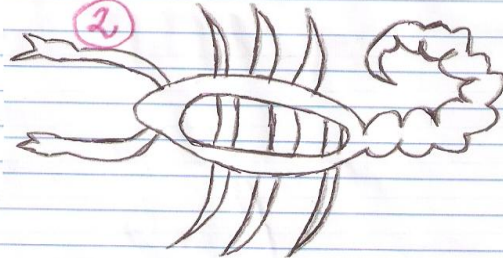

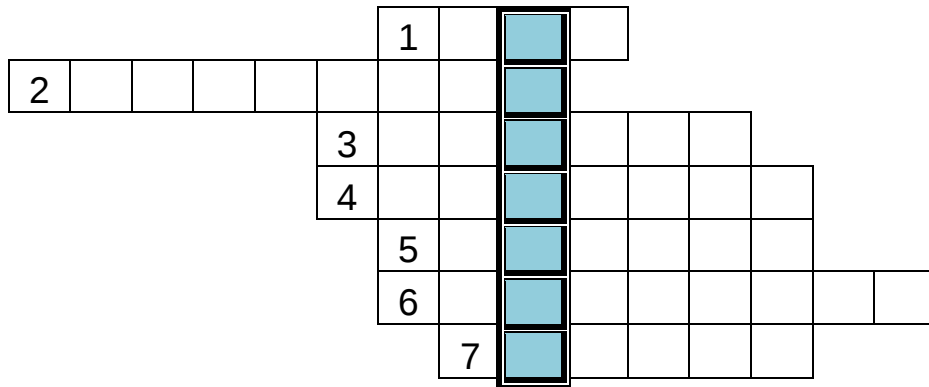

Join us

Good luck!

Why shall we read books?

Books are worth reading because they give us not only knowledge, but also improve our vocabulary. Reading Books develops our imagination. Thanks to them we can escape to different worlds at least for some short period. We also can become someone else using our imagination.

Nowadays, people prefer the Internet and modern technology, however, it cannot be compared to paper books. There is one thing that makes paper better than any screen – it is the smell. In my opinion the smell of paper books is one of the most beautiful in the world.

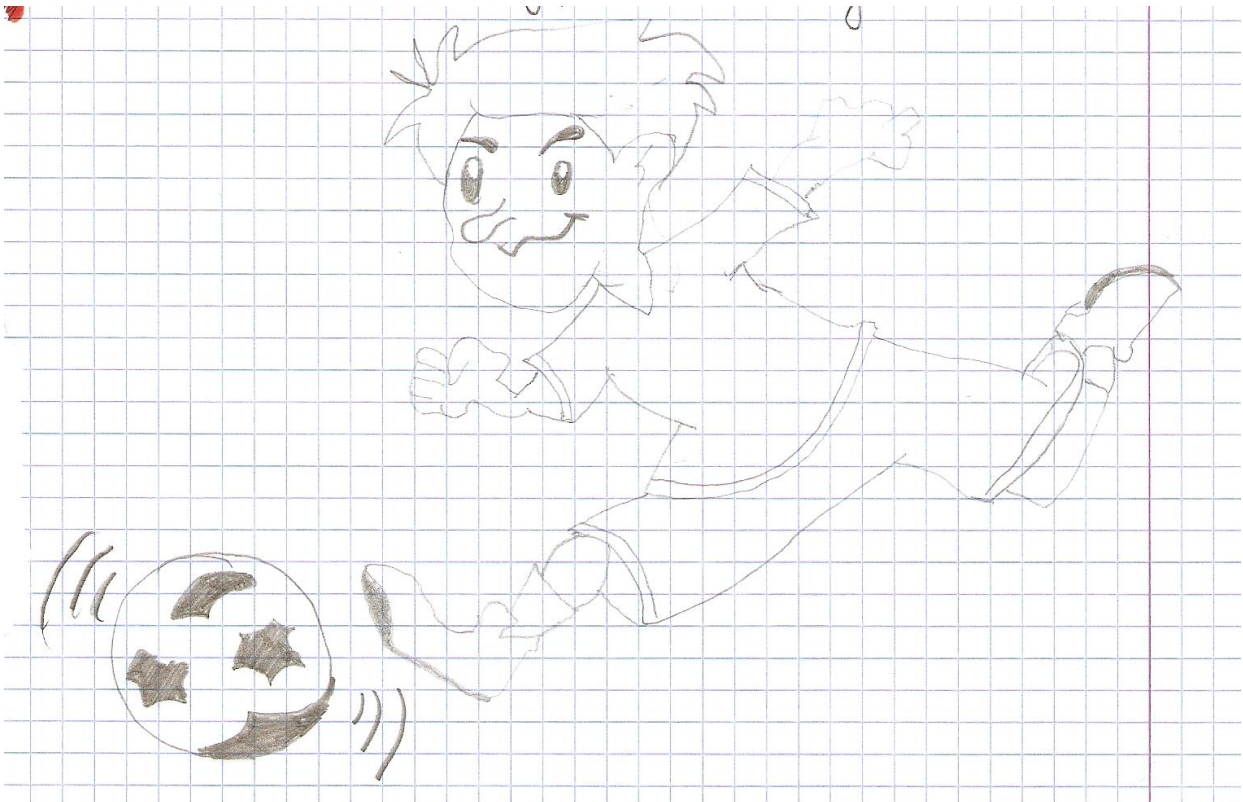

Reading books is very useful while learning foreign languages. It is said that after reading a book you speak this language more fluently and your vocabulary is better. For some time you communicate faster. And when you feel that your English is weaker, just take another book and read it.

I recommend you to read books because you can learn a lot thanks to them.

My favourite sport

My favourite sport is football. I like it because I can play with my friends and family. When we are together I feel very happy. My favourite place to play football is my backyard because I feel safe there. It was my dad who taught me how to play football.

In the summer I play football all my free time.

Humour

A: Aren't you wearing your wedding ring on the wrong finger?

B: Yes I am, I married the wrong woman.

A: Doctor, will I be able to play the piano after the operation?

B: Yes, of course.

A: Great! I never could before!

Teacher: Tell me a sentence that starts with an "I".

Student: I is the...

Teacher: Stop! Never put 'is' after an "I". Always put 'am' after an "I".

Student: OK. I am the ninth letter of the alphabet.

What is the longest word in the English language?

SMILES: there is a mile between the first and last letters!"
