

To Maria,

A
Happy Easter

WITH THIS CARD, I WISH YOU A
VERY HAPPY EASTER.

Dear Maria,

I'm excited about participating in this project. My name's Djinane. I'll be your penpal. Nice to meet you. I'm 14 years old, I live in Lagny sur Marne which is a town near Paris.

I am a student in the 4 Arpent middle school of Lagny sur Marne. My school is cool and I love working especially in groups.

I would say that above all, I love my family. As a hobby, I like eating chocolate, candies, cakes and many other things. I am very interested in languages because I would like to speak several.

What I don't like is reading because I find it boring.

To describe my personality...I would say that I'm kind, funny and sociable.

The verb that could describe me is eating because I love to eat.

What about you? Tell me everything,

Regards, Djinane :)
