# KRAKÓW

Kraków is a beautiful place in Poland. There are a lot of monuments. For example: Wawel Castle, Sukiennice, Bazylika Mariacka and Old Town

# INFORMATION ABOUT THE WAWEL

Wawel is located on a small hill,  
near Wawel there is dragon's  
grotto.

# KRAKÓW PARKS

In Kraków there are 43 parks, the most famous park is the park Jordaniński.

In Kraków there are a lot of flowers: bratki, dmuchawce, bukszpan and green grass. Krakow is famous for places where there are a lot of flowers.

It is said that Kraków is the cultural and educational capital of Poland. There is always something going on: music and film festivals, academic conferences and sports events.

# KAZIMIERZ DOLNY

Kazimierz Dolny is the 2nd place I like very much.

There are NOT too many monuments there, because Kazimierz is a small town.

Kazimierz Dolny is located between hills. There are a lot of restaurants, hotels, souvenir shops and delicious chicken pies.

# MONUMENTS

- Mountain of three crosses – symbol of the people who died in XIX by „cholera”
- Granary and wells -

# Interesting facts about the wells

The well is covered with a straw roof, it is very large.

*The legend says*

*„If someone drinks water from the wells will come back to Kazimierz Dolny”*

# KAZIMIERZ DOLNY

In Kazimierz you can cross the Wisła with a small tourist boat. This is a small ship but is very important for the people from Kazimierz Dolny. They could move on the river in war years.

# GDAŃSK

Gdańsk is on the north of Poland. In the centre there is a lot of place to visit. It is a very important city for Polish people.

In Gdańsk we have a lot of museums, churches, parks, statues.

- Second World War museum.

- Saints Katarzyna church

In Old Town in Gdańsk there are a lot of shops, restaurants, hotels and cafes.

Westerplatte – is a symbolic place for Polish people. Here died a lot of people in 2nd World War.

In my opinion Gdańsk, Kazimierz Dolny and Kraków are the most beautiful cities in Poland. I like going back there with my family.
