

A group of students is gathered in a school hallway. In the foreground, several students are sitting on a wooden bench. One student on the left is looking at a phone, while others are looking towards the camera or looking down. In the background, more students are standing and talking. A large palm tree is visible on the left side of the hallway. The walls are light-colored with some posters or notices. The overall atmosphere is that of a busy school environment.

How do we spend our free time
together?

We go on school trips!
Meet our group here.

A school trip to Wrocław

Natalia with a dwarf

A young woman with brown hair, wearing a bright red puffer jacket, light grey pants, and teal sneakers, is kneeling on a cobblestone path. She is smiling broadly at the camera. To her left is a small, dark bronze statue of a dwarf, which is part of a larger sculpture. The background is a red brick wall with a light-colored stucco upper section. A black backpack is visible on her back.

My class went on a school trip to Wrocław for three days. It's one of the biggest cities in Poland, which is famous for dwarves! You can find around 500 of them in the whole city!

Patryk looking at the most famous painting in Poland

On the first day we went to see a huge, round painting of an important event in Polish history.

Later we went to visit the Old City and buy some souvenirs

**Oskar (in the middle) is smiling
at you ;-)**

**Martyna is standing in the
middle**

We also visited the biggest stadium but unfortunately we couldn't run on the pitch.

Oliwia waiting for the match!

Do you recognize Oskar and Patryk? ;-)

Then we sailed to the zoo, where we met our friends – monkeys!

Wojtek, Kuba and Mikołaj – the three sailors

Bartek, Oliwia and Amelia sitting at the front

SKY TOWER – we went to the vantage point on the 49th floor (luckily we used the lift)

Nina

Dominik

Finally, we climbed a mountain.

That was tough
(Magda is next to Oliwia)

But we had a little help ;-)
Marta at the front

That was our trip in short. Hope you like our group.
