

The background of the entire poster features a hand in a blue nitrile glove holding a clear syringe with a needle. In the upper right and lower right corners, there are detailed, 3D-like representations of virus particles with a spherical core and numerous spikes. The design is accented with red abstract shapes: a large 'C' in the top left, a 'W' in the top right, another 'W' on the middle left, and a 'C' in the bottom right. The word 'Canva' is visible as a watermark on the virus particles and the glove.

Tydzień dla profilaktyki chorób zakaźnych

Akcja informacyjna z wykorzystaniem materiałów Ministerstwa Edukacji i Nauki wspólnie z Głównym Inspektorem Sanitarnym

12-16 września 2022r.
